"Do you remember the feeling of listening to a band for the first time and being completely blown away by the sheer majesty of the performance? For those of you who have experienced this, be prepared for it to happen again. For those of you who don't know what I'm talking about, you will understand. Prepare yourself for Ibrahim Electric!" – Hammondbeat, USA

"Ibrahim Electric losser mås, så det synger i hypofysen, for sikke et kraftoverskud disse tre unge musikere lægger for dagen... det her er bedre end Viagra!" – Information, DK

"Dans, opfør dig vanvittigt, headbang – eller ryg noget græs og spis nogle sjove svampe. Lige meget hvordan du lytter til Ibrahim Electric, bliver du nød til at indrømme, at de har en effekt på din krop som alle tiders total-orgasme!" – Jazz Special, DK

"Gets under your skin and into your blood faster than a Ganges parasite... with their irresistible guitar motifs and cantering percussion, Ibrahim Electric could be the soundtrack for a spaghetti western in Mali" – All About Jazz, USA

Den fandenivoldske danske trio IBRAHIM ELECTRIC har i løbet af de senere år markeret sig som et af de mest originale og populære nye orkestre på den europæiske musikscene. Deres energiske, udadvendte og til tider provokerende musik har henrykket folk overalt, hvor de er kommet frem. IBRAHIM ELECTRIC har spillet succesfulde koncerter på klubber og festivaler i omkring 25 forskellige lande på 4 forskellige kontinenter, lige fra Shanghai til Vancouver, fra Monte-Carlo til Moskva og fra Varanger til Casablanca.

IBRAHIM ELECTRIC består af intet mindre end tre store kapaciteter indenfor dansk musik, nærmere betegnet guitarist Niclas Knudsen, trommeslager Stefan Pasborg og Hammond-organist Jeppe Tuxen. Alle har de skabt sig et navn på den danske og internationale musikscene, både i egne projekter og som "side men" hos forskellige kunstnere i ind- og udland, og ingen andre end denne trio kan spille med denne høj-energi og samtidig bevare det virtuose og legende i musikken. En musik som trækker på så mange forskellige referencer som jazz, funk, surf, afrobeat, 50'er rock 'n' roll, soul, blues, disco m.m... Alle disse musikalske referencer bliver blandet sammen til den klassiske "Ibrahim Electric-gryderet", hvor grundelementerne stadig - ligesom da bandet startede for 10 år siden - er energi,

power, virtuositet og spilleglæde!

Med denne cocktail har Ibrahim Electric gjort spillestederne usikre rundt omkring i verden igennem de sidste 10 år, i så forskellige lande som:

USA – Canada – Morocco – Brazil – Denmark – England – Ireland – Scotland – Poland – Sweden – Norway – Finland – France – Germany – Lithuania – Latvia – Estonia – Netherlands – Belgium – Serbia – Greece – China – Korea – Thailand !

IBRAHIM ELECTRIC er en fantastisk Live-oplevelse !

NICLAS KNUDSEN:

Has been playing almost all styles of music since he started performing professionally in 1992.

He has released CD's with some of our times greatest jazz players such as David Liebman, Ray Anderson, John Tchicai and Adam Nussbaum among others.

He received a Danish Grammy in 1999 for his playing on the Danish Sax-player Hans Ulriks CD "Jazz And Mambo" and won the first price at the Gexto Jazz Competition in Spain in 1996 with the group 'Science Fiction Quartet', and again in 1999 with the group 'Out To Lunch'.

In 1998 he received the prestigious price 'Roland Musical Award' given to an outstanding young musician, and furthermore his two solo-CD's "Human Beat Boxer" and "Human Beat Boxer – Second Stroke" gained a lot of positive attention from the critics.

At the present time he plays regularly with bass-icon Matt Garrison, Danish bass-legend Jesper Lundgaard.

JEPPE TUXEN:

Considered one of the most talented Hammond organ players in Europe. He started out as a pianist but migrated to the Hammond B-3 after having tried this powerful instrument at a recording session.

After graduating in 2003 from Rhythmic Music Conservatory in Copenhagen, he has proven himself to be a very versatile musician. He has been seen in a lot of different contexts but his main focus has since 2004 been with the trio Ibrahim Electric, where he really gets to experiment with his more expressionistic sides.

His style of playing has been compared with such different organ players as: Jon Lord (Deep Purple), Booker T. Jones (Booker T. and the MG's), Jimmy McGriff, Larry Young and Dr. Lonnie Smith.

The critics wrote: *"The Hammond-playing by Tuxen has 'God-like' calibre in my ears.."* - Jazz Special Magazine, 2007.

"Jeppe Tuxen treats his Hammond B3 as if both Jimmy Smith and the Devil himself were close on his heels." – Information 2004.
